Requirements

Device and connection:

Each new Hustler will need to have their own internet connection to utilise the platform and continued running of their business. A Smartphone device will also be required to complete the courses and maintain the Side Hustle operations.

Time commitments:

This is not a full-time program and is structured to allow each Hustler to complete the Bootcamp outside of normal working hours. This will require an average of 3-4 hours per week to be dedicated for completion of the courses.

Costs involved:

There is no cost at all to each Hustler for the full Bootcamp and the features of the Platform. All services offered will remain Free for use during and after the program is completed. Each Hustler will need to cater for the costs created by the business they are creating and the sustainable operations.
